## AUXILIARIES – TONER CONTRASTO SPRAY 400ML

### ADDITIVES FOR INCREASING OF FILM PHOTOGRAPHIC DENSITY

**TONER CONTRASTO SPRAY**  
**400ML**  
 Codes 442003

A mix of special solvents and additives that, when getting in touch with laser printing toners, allows to increase their photographic density, helping then the achievement of the opacity effect of the films during the photoengraving of screen printing matrices.

**PROPERTIES:**

- Excellent opacizing effect
- Easy application
- Ready-to-use product

**APPLICATION:**

- Photocopy the polyester sheet.
- Spray **TONER CONTRASTO SPRAY** onto the photocopied polyester sheet, taking care of laying the product uniformly.
- The product dries quickly.

Package: 0,400 litres

### SPECIAL INSTRUCTIONS

- Always make preliminary tests, in order to check the optimum performance of the product, according to the printing model or the toner type. Take care that the copies made through a colour copy machine may have less intense black tones than the copies made through a black and white copy machine.
- Keep the products away from fire, sparks and heat sources.

### IMPORTANT NOTE

The information given in this technical sheet is not intended to be exhaustive and any person, using the product for any purpose other than that specifically recommended in this sheet without first obtaining written confirmation from us to the suitability of the product for the intended purpose, does so at his own risk.

While we endeavour to ensure that all advice we give about the product is correct, we have no control over either the quality or condition of the substrate or the many factors affecting the use and application of the product.

Therefore, unless we specifically agree in writing to do so, we do not accept any liability whatsoever or howsoever arising for the performance of the product or for any loss or damage arising out of the use of the product.

The information contained in this sheet is liable to modification from time to time in the light of experience and our policy of continuous product development.
